

## Departments that allow concurrent application to Doctoral Fellowship

**World-leading Innovative Graduate Study Program for Quantum Science and Technology**  
**QSTEP Fellowship Program**

| Graduate School                      | Department                                     |
|--------------------------------------|--|
| Graduate School of Arts and Sciences | Multidisciplinary Sciences                     |
| Graduate School of Science           | Department of Physics                          |
| Graduate School of Engineering       | Mechanical Engineering                         |
|                                      | Precision Engineering                          |
|                                      | Electrical Engineering and Information Systems |
|                                      | Applied Physics                                |
|                                      | Nuclear Engineering and Management             |
|                                      | Bioengineering                                 |
| Graduate School of Frontier Sciences | Advanced Materials Science                     |
